

The background is a light cream color. It features several abstract elements: a large, solid light brown circle on the left; a smaller circle with diagonal brown and white stripes in the upper right; a large, irregular light brown shape on the right side; a large, irregular light green shape at the bottom right; and a solid brown triangle in the bottom left corner. A thin, curved brown line starts from the bottom left and sweeps across the bottom right. In the top left corner, there is a grid of small brown dots, some of which are partially covered by the large light brown circle.
